All our care treatments are performed with **Maison Éole** products, a leader in Belgian cosmetics. Their effectiveness is based on innovative ingredients including Wine Extract³, derived from polyphenols found in vine stocks.

Maison Éole is the first range of cosmetics made from Belgian grapes grown in the family vineyard of Domaine de Chant d'Éole, which has already won international recognition for the quality of its bubbly.

Though relatively new to viticulture, the Belgian soils offer a concentration of innovative cosmetic active substances, placing a socially responsible approach at the heart of the project. PH5 formulated without endocrine disruptors.

Treat yourself to a unique experience where nature and luxury meet at the heart of MY Wellness.
